

- Back-friendly solution for storing heavy items in a base unit
- Can be operated from above thanks to pull-out mechanism
- Storage surface large enough for two bottle crates
- The door deflectors prevent scratches to unit doors
- Ideal for gas canisters or bottle crates
- Silver Finish

TECHNICAL CHARACTERISTICS

- ➔ High load capacity of 100 kg
- ➔ Quick and easy to install with 4 screws
- ➔ Mounted centrally on the base, making it suitable for all unit heights and widths
- ➔ Can be retrofitted
