LIKU is the innovative concealed hanger conceived by Italiana Ferramenta Srl to fix suspended libraries and cabinets to the wall even when their structure is conceived without the back panel. LIKU is to be inserted into the side of the furniture and can be used with panels minimum 25mm thick. LIKU, conceived to sustain very heavy pieces of furniture with very heavy loads, has a capacity loading of 250 kg per piece.
The double hanging-hook which allows a uniformly distributed load on the wall bracket. The optimized shape of the wall bracket which reduces the stress on the wall plugs. The robust and compact body of the system LIKU is a very safe system as it is provided with a self-inserting ANTI-TURNOVER device.
