

Cook

pull-out table, cutting board and container
in a drawer

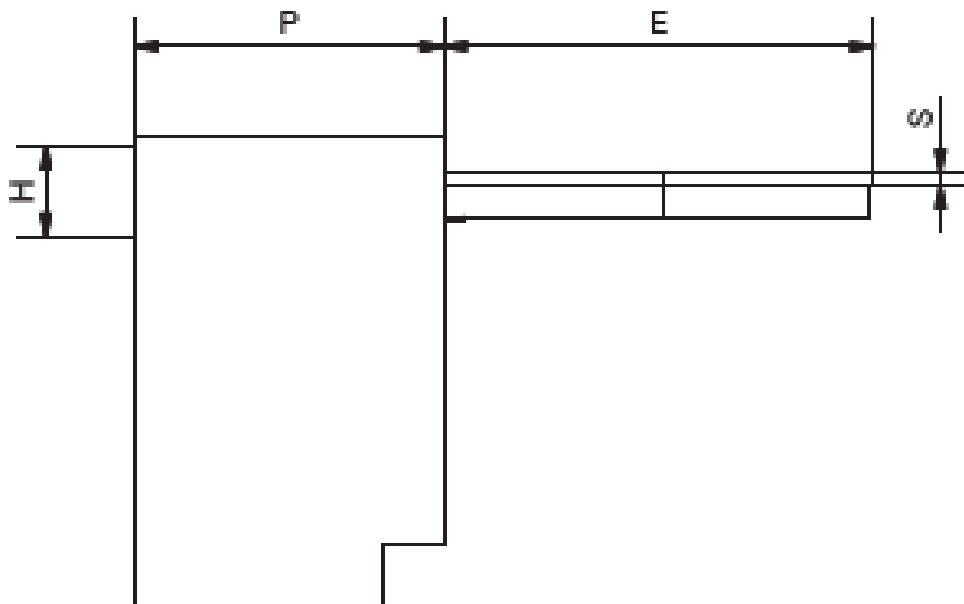

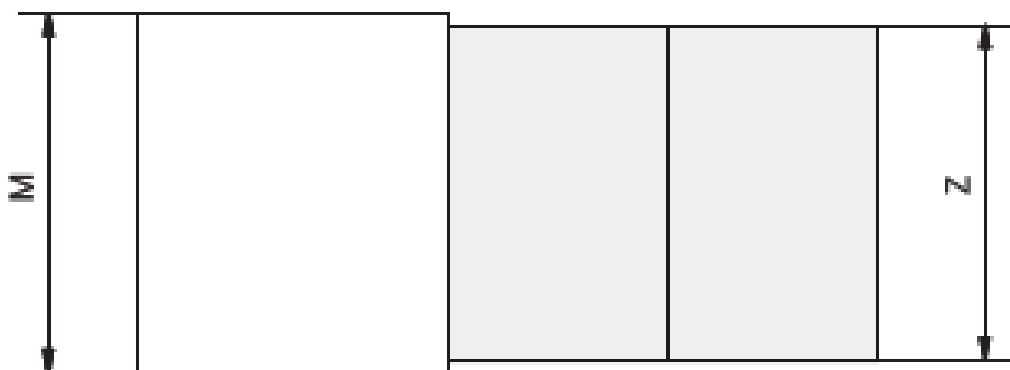

- **Cook** integrates multiple functions and **creates a true chef's corner** in the kitchen:
- from a single drawer it's possible to pull out the cutting board to chop the ingredients of a recipe
- reach for the cutlery inside a strategic drawer, throw the waste away on its proper bin
- When the meal is ready, **Cook** becomes a table to savor the prepared dishes, either alone or in good company.
