

PEGASUS SHELF LIFT

- Easy adjustable weight load
- Ergonomic handle
- Variable shelf widths > 900 / 1200 mm
- Adjustable height > 677 / 980 mm
- Standard shelf depth > 280mm
- Finishes > Anthracite

The ergonomic lift system for high overhead wall cupboards. This lift system for wall units provides easy access to items in high cupboards. After all, dishes, appliances and supplies on the highest shelves should be accessible at all times too. With optimal use of space on higher shelves it can be lowered to eye level with an absolute minimum of effort. Along with the adjustment wheel, you can adjust the system to the weight of the load simply by turning of the rotating adjuster.

DISTINGUISHING FEATURES:

- Just a light pull on the handle brings the unit's contents down to eye level
- Maximises storage space for table ware, groceries and appliances
- A great solution for barrier - free kitchen and homes

- Built - in brake and soft - swinging mechanism for gentle movement with a minimum of effort
- Fixtures for clipping in Libell metal shelves or custom wooden shelves/ trays

- Rotating adjuster for setting the brake/ soft - swinging mechanism Shelf heights can be tailored to your needs
- Shelves can easily be removed for cleaning and clipped back into the frame

OPTIONS

Shelf Support (500.0188.43)
