Lineabox Easy is the aluminium drawer by Salice with essential and elegant shapes. The extremely reduced thickness and the clean and refined aesthetics make it a versatile and multipurpose element. Aluminium, already chosen by Salice in the very first Lineabox version, is among the most eco-sustainable materials known with significant energy saving characteristics and complete recyclability. Lineabox Easy was born from Salice's effort to implement every value-added optimization to improve the existing product, its performance and the perceived quality of the product.
