

- KUBIC is the locking glass shelf support designed to match the contemporary aesthetic trends of the market
- It is conceived to guarantee furniture transportation with glass shelves already assembled
- Locking and unlocking of the glass shelf can be carried out manually without any tool
- Glass is blocked on both upper and lower side by soft rubber layers, in accordance with the actual function and safety norms
- It is suitable for glass shelves with 4-9 mm thickness, but with longer upper bracket it can be used also with glass shelves up to 15mm thickness.
